|----------|---|

According to the Moody's definitions, obligations rated "A" are judged to be upper-medium grade and subject to low credit risk. The modifier "3" indicates that the obligation ranks in the lower end of its generic rating category.

According to the S&P's definitions, an obligation rated "BBB" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments on the obligation. The plus ("+") sign shows relative standing within its rating category.
